

# Use Progress Reports to Monitor Challenges & Competitions

## Focus on Mastery

Penda recommends focusing on mastery and proficiency, not just time logged. Mastery of activities has the strongest connection to improved assessment performance.

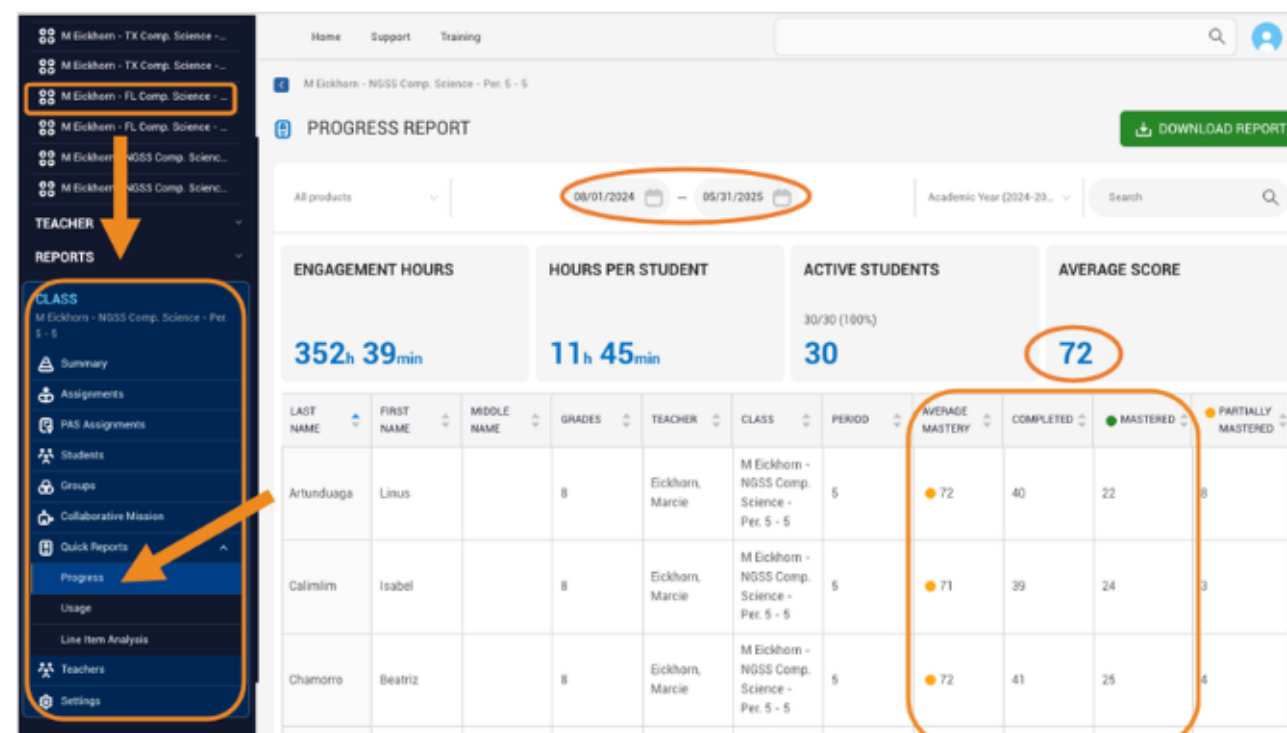

## Best Practices for Successful Challenges

- ✓ Keep challenges short (2–4 weeks): use date filters on progress report
- ✓ Monitor progress weekly
- ✓ Share weekly leaderboards to build accountability and motivation
- ✓ Recognize both achievement and growth
- ✓ Reward all students who meet the goal or enter them into a drawing

## Use Progress Reports

Download to Excel to filter for winners.

## Access Progress Reports

### Teachers

- 1 Go to My Classes. Select a Class
- 2 Click Quick Reports
- 3 Select Progress

### Admins

- 1 Go to Organizations
- 2 Select the school using the View icon
- 3 Click Quick Reports
- 4 Select Progress

When used strategically, Challenges help schools turn engagement into **measurable science achievement growth** while creating excitement around learning.
