

# PENDA DATA PROTOCOLS

Create a Standards Mastery Report by Quarter in Report Builder OR view Class Mastery Prebuilt Report(s)

List the three highest achieving standards?	Why did the students do well?	What resources and strategies did you use to teach these standards?	What are the next steps for students to maintain their proficiency?	Did the whole class master? What group can be created to remediate standards for the students that did not master?

3.				
List the three lowest performing standards?	Why did the students not do well? Lack of exposure, prerequisite skills?	What resources and strategies did you use to teach these standards?	What are the next steps for students to remediate the standards?	Are all students struggling or just a subset? What are the next steps?
